### PROFILE

Enthusiastic and passionate UI/UX Designer with 6 months of internship experience at Epic Lanka (Pvt) Ltd, mainly in FinTech web and mobile applications. Currently working as Co-Founder, COO, and UI/UX Designer at Meribel (Pvt) Ltd, a healthcare app-based company. Seeking an Associate UI/UX Designer role to apply my skills in user-centered design, Figma, prototyping, and product development.

### EXPERIENCE

**Intern UI/UX Designer** Mar 2025 – Sep 2025  
**Epic Lanka (Pvt) Ltd** Battaramulla, Sri Lanka

- UI/UX internship at Epic Lanka (Pvt) Ltd, mainly working on FinTech web and mobile app designs, design systems, and user-friendly digital solutions.
- Designed and improved UI screens for multiple banking and FinTech products, including mobile apps, web portals, internet banking systems, onboarding flows, and admin panels.
  - Created and maintained design systems with color palettes, typography, components, buttons, icons, input fields, progress bars, and reusable UI elements.
  - Collaborated with Business Analysts, Project Managers, mentors, supervisors, and team members through DSMs, KT sessions, client presentations, UX research, and design updates based on feedback.

**Co-Founder, Chief Operating Officer, UI/UX Designer** 2024 – Present  
**Meribel (Pvt) Ltd**

- UI/UX Designer for Baby & Me, a healthcare-based mobile app, focusing on simple, user-friendly, and trustworthy app experiences for parents and caregivers.
- Co-founded the company and supported product planning, operations, and business coordination.
  - Designed mobile app screens, user flows, and prototypes for healthcare-related features.
  - Created and improved UI elements, layouts, colors, typography, and micro-interactions to make the app easy and comfortable to use.
  - Conducted user research and gathered feedback from parents/caregivers to improve usability, trust, and overall user experience.

### EDUCATION
